## NEGRO ALDERMAN IS ELECTED AT NASHVILLE

Nashville, Tenn., Oct. 14.—For the first time in over twenty-five years Nashville yesterday elected a negro city councilman, Dr. S. P. Harris, in the third ward. One of the last negro councilmen was J. P. Napier, now register of the United States treasury. Harris was running in opposition to the democratic primary nominee.

## COTTON RECEIPTS PASS 5,000 MARK

Sherwood Hill Evidently lost his bet with J. D. Lasater regarding the number of bales of cotton received this season, for at 2 o'clock 4,981 bales had been received at the yard, and it was still coming in a steady stream. The round bale gin has turned out 818, which counted as half bales, equals 409, making the grand total for the season 5,390 bales. The price continues to fall, the top price this afternoon being 8 3-4.

## Mr. and Mrs. Ebey's New Home

Open to XXth Century Club

Friday evening the XXth Century Club were guests for Mr. and Mrs. W. H. Ebey. The occasion was an unusually happy one, it being the first time their beautiful new home had been opened to their friends. Mrs. Brown and Mrs. Simpson assisted Mrs. Galbraith and Mrs. Ebey in serving a salad course. The guests were Mr. and Mrs. Torbett, Mr. and Mrs. Duncan, Mr. and Mrs. Beck, Mr. and Mrs. Mason, Mr. and Mrs. Galbraith, Mr. and Mrs. Simpson, Mr. and Mrs. Sledge, Mr. and Mrs. Hope, Mr. and Mrs. Tobin, Mr. and Mrs. Frierson, Mr. and Mrs. W. L. Reed, Mr. and Mrs. Kice, Mr. and Mrs. Barney, Mr. and Mrs. I. M. King, Mr. and Mrs. Rodarmel, Mr. and Mrs. Hart, Mr. and Mrs. Snead, Mrs. Browall.

Bill Chism was down from Francis this morning on one of his frequent visits to the county seat.

## P. O. INSPECTOR VISITS ADA

INVESTIGATES FREE MAIL DELIVERY QUESTION—NOTHING DEFINITE GIVEN OUT.

Geo. E. Lewis, postoffice inspector, was here this morning looking over the situation in regard to free mail delivery for Ada. The most important point in the matter, and the one upon which the whole thing will probably turn, is that of sidewalks. It is shown that 499 houses of Ada have side walks in front of them and 377 are without. This of course, does not include the business section of the city. Mr. Lewis seemed to be of the opinion that the town should have more walks than it has, and cited a number of others about the size of Ada, which are much better provided with walks.

He gave no intimation what his report on the question will be, further than to say that it would be passed up to the postoffice department.

It appears that 15th street is the best supplied with walks of any street in town, there being 68 houses with walks and only six without.

Mr. Lewis requested the News to state that if the service is established every one getting the benefit of it will be required to place a box outside the house convenient of access by the carriers.

## GOVERNORS WILL MEET

AT NEW ORLEANS, LA.

Austin, Tex., Oct. 14.—The conference of governors to discuss ways and means to prevent further reduction in the price of cotton has been called by Governor Colquitt for October 23 at New Orleans. In his call, he requests the presence of the governors and commissioners of agriculture of cotton producing states and also representatives from the different farmers organizations and the principal banking institutions and editors of the leading newspapers.

Governor Colquitt suggests that the commissioners of agriculture of the states to be represented bring with them data relating to the condition and yielding of the crops which will aid the conference in considering the situation. It is stated that the meeting would have been called earlier except that it was desired to allow time for the collection of statistics bearing on the matter.

## LONG FIGHT OVER STATE CAPITAL SITE

St. Louis, Mo., Oct. 13.—A decision involving the location of the Oklahoma state capitol and property near Oklahoma City valued at \$200,000 was handed down today by the United States circuit court of appeals. By the decision, the heirs of Henry Howe former minister of the gospel, who, it was alleged made a false claim to the land in 1889, will recover the property, pending an appeal which will probably be taken to the United States Supreme court.

The United States circuit court held that Milton E. Parker and others were rightful owners. Oklahoma City real estate men purchased part of the property from Parker and donated it as a site for a free capitol. The land will revert to the Howe heirs and the location of the new state's seat of government consequently will be affected, as the Howe heirs may not desire to break up the tract.

A giant struggle of pioneers whose greed for land at the opening of Oklahoma on April 22, 1889, made the then Territory a passing stage of picturesque outlawry is recited in the history of the case. Also a legal battle that has extended over a period of twenty-two years, involving court fees estimated at \$40,000 and a list of reversals and remanding of court opinions rivaling the lightning changes of the chameleon. The court, in its opinion, freely lauds the Howe heirs for maintaining their fight and freely condemns "the perfidious and base breach of trust" methods employed by the score or more of informers and alleged claimants, who have spent the major portion of their lives in an attempt to get a clear title to the land, comprising a tract of 160 acres.

Relative to the two principal claim

ants to the property who carried their case to the Secretary of the interior, the court says: "The vice of so gross a breach of trust cannot be extracted nor can so perfidious a course be rendered fair, just or right by the absence of objection by local land officers or the silence of helpless victims." The case is styled Arthur Bruce Howe et al. vs. Milton E. Parker and other claimants.

By enactment of congress, Oklahoma was to be thrown open to settlers April 22, 1889. Before noon of that day no one was allowed to go beyond the Kansas line into the territory and all who did were termed "Sooners." Their purpose was to get into the territory before April 22, select a choice piece of land and promptly at noon on the day mentioned file their claim by driving stakes on the property they wished to retain.

Promptly at noon on April 22, 1889, Henry Howe, a preacher of the gospel at Manhattan, Kan., with his daughter, Sarah, left the Kansas line. On the next day the two staked 160 acres, on section 27, township 12, adjacent to Oklahoma City. On the same day two "Sooners," a Miss Robb and Mr. Woodruff, contested the claim of Howe on the grounds that they were there before he arrived. Affidavits in support of such charges were filed with the land commissioner.

At this juncture Milton E. Parker and other claimants to the property appeared. Preacher Howe decided to fight the case filed by Robb and Woodruff and employed John Burton, a lawyer of Oklahoma City as counsel. Burton is alleged to have interested Milton E. Parker, who is said to have been an attorney. Under a provision of congress any person who gave information to the government, tending to show that false claim had been made to any land, such informer was entitled to first claim to the property.

## SWANSON CO. OFFICERS

WILL SURRENDER

Lawton, Okla., Oct. 14.—Swanson county will drop its fight for existence. Formed from parts of Kiowa and Comanche counties, illegally, according to the Oklahoma supreme court, but defiant both of state and county courts and officers until the federal court Wednesday refused to grant an injunction interfering with its dissolution, the refusal of an injunction blasted its last hope and to day Sheriff W. H. Brashears, who with three of his deputies is wanted in Comanche county for murder, telephoned Sheriff Nix that he and his men will come to Lawton Monday morning and surrender.

For three months following the dissolution order they have stayed arrest. Four times warrants were served, but the whole town of Mountain Park armed and threatened war and force was not used. It was believed for a time that the state militia would have to be called into service.

It is understood that all records of the new county will now be turned over to the receiver appointed by Kiowa county.

W. C. Lee was a passenger to Stonewall this morning.

## A NEW ADDITION CHIROPRACTIC PRINCIPLE

Dr. Weigl has located in our city. He is a graduate of the Palmer School of Chiropractic of Davenport, Ia. This school is the oldest and largest of its kind.

Chiropractic is an old science just recently brought to light. The first Chiropractic adjustment (treatment) was given in 1895 by Dr. D. D. Palmer for deafness. The doctor had such good success that he applied all his energies to develop the science. The result of which can be seen in the good work of all the principle cities.

Dr. Heigle has had an extensive clinic experience. At school he had the advantage of the study of 500 to 600 patients daily, and then he has enjoyed an extensive practice in Michigan where he formerly resided.

Chiropractors use no drugs, neither do they resort to surgery. Their great success lies in the fact that they understand the principles and philosophy of the nervous system. It is now a conceded fact that the brain controls the entire body, and that the nerves radiate from there to every tissue cell of the body. These nerves form the spinal cord. This passes down in the back bone in a canal formed especially for it. From this cord are sent out the nerves through little holes (foraminae) formed by the vertebrae (the bones of the back bone) and then begin to branch all over the body. Through falls,

wrenches, strains, jars, etc., these vertebrae (bones of the back) get slightly misplaced and close this opening through which the nerves pass out of the back bone and then pinch the nerves. This cuts off the current from the brain and results in weakening the organ to which this particular nerve leads, resulting in nervous diseases. A chiropractor knows how to locate and adjust such a misplaced bone of the spinal column which again restores the proper brain currents to the otherwise weakened organ.

Dr. Weigl has rented rooms 1 and 5 in the Duncan building and will be ready to attend to office and outside calls after October 28, 1911. His phone number will be 437. d&w

## TRULY REMARKABLE PUMPKIN VINE

Speaking of pumpkins, the Newsman was shown a vine in M. B. Donaghey's garden a day or two ago that will challenge anything in the county. The vine sprang up voluminously from a seed that happened to be dropped in the onion patch, and did not grow very noticeably until the big rains of the summer. Then it grew at a rate that would have made Jonah's famous gourd look like thirty cents. Two runners on that vine are not less than forty feet each in length. They grew out to the fence and then tried to climb over. The vine has borne forty-nine pumpkins, all but six of which are still clinging to it and may be seen by any who care to take the trouble to look at them.

The remarkable growth and productiveness of the vine may be accounted for by the fact that Mr. Donaghey's barn once stood on the spot now occupied by the garden.

J. O. Tipton went to Sulphur today where he will spend a few days.

### TRUSTS GRABBING MAGAZINES.

Yesterday's Oklahoman called at-  
tention to a movement which may  
prove far more portentous than ap-  
pears on the surface. Following Tom  
Lawson's attack on the Standard Oil  
Co. and other big interests through  
the columns of Everybody's Maga-  
zine a few years ago, which series of  
articles brought many thousands of  
dollars and much notoriety to the pub-  
lication, others took up the fight and  
exposed corruption wherever they  
found it. Many prominent names were  
dragged into the mire, and finally  
President Roosevelt himself denounc-  
ed the magazines as a lot of muck  
rakers. However, they continued to  
muck rake, and did much to arouse

the public conscience and bring about  
many of the reforms that have since  
been inaugurated in all parts of the  
nation. Lately, however, many of the  
most fearless magazines have chang-  
ed hands, and a number of consoli-  
dations have taken place. The Oklaho-  
man expresses the fear that the big  
interests have been busy buying up  
these periodicals, and that they will  
be used in the future to defend, rather  
than expose, corruption in high  
places, overshadowing the influence  
of the few unfettered magazines left  
in the field.

In view of past performances of  
these same big interests, this does  
not appear at all improbable. It has  
been a common practice to call off at-  
torneys who were proving trouble-  
some by employing them to take  
charge of the legal departments of  
some big corporations at high salar-  
ies, and now the trusts may have a  
notion of controlling public opinion  
by seeing that the country is sup-  
plied only with such reading matter  
as they see fit to permit being pub-  
lished.

Of course it goes without saying  
that such a course will be highly dan-  
gerous to every tradition of free  
thought and free press, for it can-  
not be denied that the magazines  
have in times past exerted a power-  
ful influence, and will continue to do  
for a long time to come, no matter  
who owns them. Naturally the change  
will be gradual. For two or three  
years the magazines will hammer the  
trusts, but it will always be with  
straw stuffed clubs, which the poor  
deluded public will not be able to dis-  
tinguish from the real article. At all  
events the situation is one that will  
bear watching.

### A YEAR OF BUILDING IMPROVE- MENT.

The year 1911 will always be  
known as the turning point in the  
history of Ada, for it has witnessed  
the greatest amount of improvement  
and building that the place has ever  
known. Of course the most rapid  
stride of all was taken when the city  
by an almost unanimous vote decided  
to issue \$150,000 in bonds for the  
Byrd's Mill water supply. When an  
ample supply of the most matchless  
water in Oklahoma was assured, men  
no longer doubted that Ada had a  
future inferior to none. They at once  
sought to take advantage of the op-  
portunity offered and as a result the  
unprecedented era of building was  
ushered in. When the business houses  
that are now in course of construc-  
tion, or will be within another  
month, there will have been erected  
within the year eighteen two-story  
and four one-story buildings of brick  
or concrete, besides a number of oth-  
ers which have been enlarged at  
considerable cost. The entire outlay  
on these will be not far from \$100,-  
000. Add to this another \$25,000 for  
the enlarging of the ice factory and  
the numerous residences, it will be  
seen that the building operations for

## MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her  
Distressing Experience and  
Tells How She Was  
Finally Relieved.

Goodwater, Mo.—"Ever since I was  
a little girl," says Mrs. Riley Laramore,  
"I was a great sufferer from dyspepsia.  
I suffered misery after eating, and had  
terrible heartburn.

I thought I had to suffer this way as  
long as I lived, but when I began to take  
Thedford's Black-Draught, in small  
doses, every night, the heartburn was all  
gone in a few days, and I could eat  
without distress.

I took two small packages in all, and  
although that was some time ago, the  
dyspepsia has not returned.

I speak a good word for Thedford's  
Black-Draught whenever I have the op-  
portunity."

If eating causes distress, we urge you  
to try Thedford's Black-Draught. It  
cleanses the system, helps the stomach to  
digest its food, regulates the bowels, and  
stimulates the liver.

It acts gently and is without bad after-  
effects. Try it. Price 25c.

## A CERTAIN CURE FOR CATARRH

The mucous membranes of the  
nose and throat are exposed to the  
irritating influence of dust, impure  
air, etc., and for this reason are  
the places Catarrh usually first  
manifests itself. But these are  
simply exciting causes, the inflam-  
mation and discharge being really  
produced by an impure and vitiated  
condition of the blood. It is well  
enough to use some local treatment  
to cleanse these membranes, but  
any one can readily see that if  
the inflammatory matter is left in  
the blood, such treatment cannot  
possibly have any permanent effect.  
S. S. S. cures Catarrh by purifying  
the blood of all impure catarrhal  
matter and irritating germs and at  
the same time builds up the system  
by its fine tonic effects. When  
S. S. S. has purified the blood, the  
mucous surfaces are all nourished  
and made healthy. There can be no  
inflammation of the membranes  
then, because the blood is pure, and  
every tissue receives nourishment in-  
stead of irritating matter. Our book  
on Catarrh will give proper advice as  
to what is best to use as a local aid  
while S. S. S. is purifying the blood.  
This book is free, also any special  
advice you may feel you need.  
S. S. S. is sold at drug stores.

## RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple  
Remedy for Dandruff, Falling,  
Faded, Gray Hair.

The old idea of using sage for dark-  
ening the hair is again coming in  
vogue. Our grandmothers used to  
have dark, glossy hair at the age of  
75, while our mothers have white hair  
before 50. Our grandmothers used to  
make a "sage tea" and apply it to  
their hair. The tea made their hair  
soft and glossy, and gradually re-  
stored the natural color.

One objection to using such a pre-  
paration was the trouble of making it,  
especially as it had to be made ev-  
ery two or three days, on account of  
souring quickly. This objection has  
been overcome, and by asking almost  
any first-class druggist for Wyeth's  
Sage and Sulphur Hair Remedy the  
public can get a superior preparation  
of sage, with the admixture of sul-  
phur, another valuable remedy for  
hair and scalp troubles. Daily use  
of this preparation will not only  
quickly restore the color of the hair,  
but will also stop the hair from fall-  
ing out and make it grow.

Get a bottle from your druggist to-  
day. Use it and see for yourself how  
quickly dandruff goes and gray hairs  
vanish.

This preparation is offered to the  
public at fifty cents a bottle, and is  
recommended and sold by all drug-  
gists.

### Is Better Than Ever.

Charles Klein's greatest work,  
"The Lion and the Mouse" is sched-  
uled for a welcome visit to City Hall  
opera house on Wednesday night, and  
it is but fair to the intelligence of the  
local theatre-going public to predict  
that it will be seen by as many who  
have never witnessed this great play  
of financial conditions as those who  
have so thoroughly enjoyed it in the  
past. It has been a long time, in fact  
out of the memory of many, since a  
play has been produced that has  
won the universal praise shown this  
drama and the fact that it is based  
on existing conditions in the lives of  
some of our money kings of today  
makes it stronger in commanding the  
attention of those in all walks of  
life. The United Play Company has  
done much, too, in holding "The Lion  
and the Mouse" at the high plane  
established at the very outset.

# MAJESTIC THEATRE TONIGHT

Thos. A. Edison's Great Special Feature

## "The Switchman's Tower"

The story told in this truly remarkable picture is founded on an actual occurrence on one of our great trunk lines. The dramatic incidents leading up to the final climax are clearly told, and are of more than ordinary interest. A switchman is in his lonely tower, and, as he hears an excursion train come thundering down the road, he sees his pretty little daughter—his only child—standing on the track. Confronted with the awful alternative of sidetracking the train on to a switch, on which a freight was standing, or of running over his own child. For one tense moment his mind wavered between love and duty, but, like the true railroad man he was, duty won. Agitators say corporations are ungrateful and have no souls. Today that noble hero who would sacrifice his only child to save the lives of others wears a hero's medal, and lives in house given him by that soulless corporation, and, besides, is pensioned for life.

Thomas A. Edison, by permission of officials of the road, and with their aid, has staged and reproduced this wonderful picture at the actual place where the incident occurred.

## RALLY-DAY PROGRAM

**First Methodist Sunday School Plans Big Day for Tomorrow, With Rallying Cry of "400 Present." Program In Detail.**

Weather fair or weather foul, tomorrow is expected to be one of the greatest days of the year at the First Methodist church. It is to be "Rally Day" in the Sunday school—the day when all those who have been out of town during the summer, or for other reason have had their habit of attendance interrupted, shall return—the day when every Methodist in Ada is desired to be at Sunday school.

Mr. T. F. Pierce, the superintendent, and Rev. E. M. Sweet, Jr., the pastor, heartily seconded by every other officer and teacher of the school extend a cordial invitation to every member of the church, and to every one in the community who looks to this as his church home, or who may be without a church home, to be present at this Rally Day service tomorrow. While it is desired that as many as will may become permanent members of the Sunday school, yet those who feel that they can not attend with regularity enough to join are nevertheless invited to attend tomorrow although they come only as visitors.

The school will meet as usual at 9:45 o'clock and will have the regular lesson study, the subject for tomorrow being "The Return From the Captivity," as told in the first chapter of the book of Ezra. A special program will follow, and will extend over beyond the 11 o'clock hour, so there will be no regular preaching service at that time. The administration of baptism to infant children will occur after 10:45. This is announced so that parents wishing to bring their children for this purpose who fear they might grow restless need not bring them until this hour.

### Special Program.

The following is an outline of the special program to be rendered:

1. Song: True Hearted, Whole Hearted.
  2. Praise God for All Things—recitation by Masters Floyd Haynes and Langford Shaw, Misses Bessie Neely and Pearl Gay.
  3. Dialogue: How Shall We Praise God?—Misses Annie Carroll Simpson and Edith Chapman.
  4. Recitation: In Time Gone By—Master Horace Bainbridge Moss.
  5. Mary's Little Lamb—Miss Mary D. Emory.
  6. Song by the Primary Department—We Are a Missionary Band.
  7. Class reports on the \$300 toward the support of Doctor Hardie in Korea, showing (a) What classes have met their subscription in full, (b) What classes have indicated that they will accept help in meeting their subscription, (c) What classes are ready to help those that are short.
  8. The Sunday School for Men, and Men for the Sunday School—Short talk by Prof. C. W. Briles, teacher of the Business Men's Bible Class.
  9. Report of the Home Department by Mrs. W. A. Riley, superintendent.
  10. Recitation: He Wants Us All—Miss Annie Louise Shaw.
  11. Song by the School, led by the Primary Department—Bring Them In—Introducing—
  12. Baptism of Infant Children.
  13. Offering.
  14. Secretary's Report and Announcements.
  15. Opening of the Church for the Reception of New Members.
  16. Benediction.
  17. Informal Personal Greetings to New Members.
- At 7:30 p. m. the pastor will preach on "What We May Learn from Cyrus the Great," preceded by the Epworth League meeting at 7 o'clock.

### GOOD WORK.

**Done Daily in Ada—Many Citizens Tell of It.**

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Ada still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

G. B. Dismukes, 17 Thirteenth St., W. Ada, Okla., says: "Last fall I was suffering a great deal from a constant soreness through kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's Drug Store and began their use. In a few days my pains and aches had disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
